WHY CHOOSE THE MOUNT?

Mount St. Mary's University's Division of Continuing Studies offers superior educational programs, both in-person and online, customized for adult learners. Committed to principles of lifelong learning and ethical leadership, we provide programs that are affordable, convenient and flexible. The Mount values the experiences adult learners bring to the classroom. Working closely with the community, we design our educational offerings to meet students' career aspirations. With a tradition of commitment to community service and academic excellence, we inspire students to lead lives of significance.

Student Support

The Division of Continuing Studies has services tailored to the needs of adult learners:

- » **Writing Center** – In-person or online review sessions help students develop their writing skills, giving students constructive feedback and tools needed to become better writers
- » **Research Librarian** – A research librarian is available online to help students find information and conduct research
- » **Financial Aid Office** – Students enrolled on at least a half-time basis in the Mount's Continuing Studies programs may seek

assistance through federal and state-funded programs

- » **Career Center** – Current students and alumni have free, life-long access to career services, including résumé review

Accelerated Undergraduate Admission Requirements

- » Minimum 2.0 cumulative GPA

Graduate Admission Requirements

- » 2.75 GPA **or**
- » 5 years of work experience **or**
