PREMIERCHOICE

In July 2022, ShareSource launched PremierChoice, an exclusive secondary GPO program sponsored through Premier. Now more than ever healthcare organizations are looking for strategies to reduce costs, and the PremierChoice program supports cost savings in key categories like facilities/construction, purchased services, IT, pharmacy, food, nursing, surgical services, and lab. ShareSource is the only regional GPO in the nation participating in this pilot.

Divisional Groups

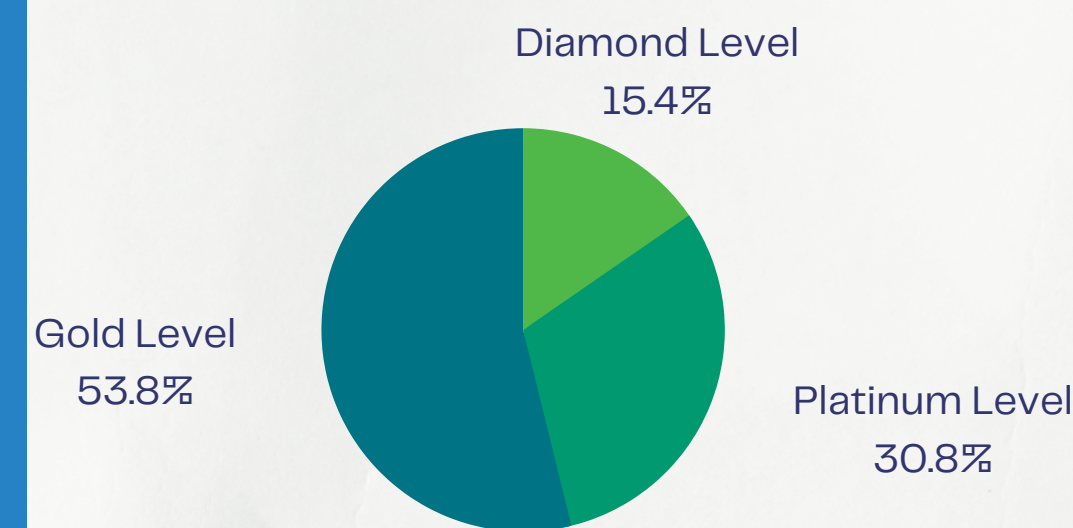

We have 13 divisional groups across various sectors in healthcare who meet quarterly to hear from subject matter experts and to have roundtable discussions about trending topics and current pain points organizations are facing. We are gearing up to add new groups in early 2023 for allied health and healthcare policy.

Mentorship Pilot Program

We currently have 7 pairs of mentors and mentees for a total of 14 program participants. Highlights of the curriculum include a professional strengths assessment from Gallup and dozens of resources for various pertinent topics related to professional development. The program also includes networking opportunities for all.
